The professional choice for cost effective, court approved DNA testing.

Dear (Redaction)

I'm contacting you at the suggestion of (Redaction).

I had originally contacted (Redaction) to enquire about potential opportunities for our DNA testing services at the CSA. He was kind enough to bring me to speed with the recent tender process and Orchid Cellmark's success in winning the 3 year contract.

Obviously it's very disappointing to have missed the tender process this time around, however, with a view to future I enquired about what information from the recent tender process might be available under the freedom of information act. (Redaction) suggested that I contact you directly with regards to this. I'd be very grateful if could help me with this.

I will give you a call over the next few days and look forward to speaking to you then.

Kind regards (Redaction)
