Subject: RE: DNA Testing - chkd

(Redaction),

Thank you for this enquiry and the request about what information might be available to you under the Freedom Of Information Act 2000.

Unfortunately, I am unable to proceed with your request without clarification of the information you wish to receive. I would be grateful if you could therefore be as specific as possible so that I can consider your request and try to meet your needs in full.

In view of this I am not yet treating your enquiry as a formal request under the act.

Thanks.

(Redaction).
