**Subject:** Approved List DNA Testing Companies

The professional choice for cost effective, court approved DNA testing.

Dear (Redaction)

As I mentioned, my call was prompted by a incident where a very helpful CSA case worker, (Redaction), at St Leonards was told by the Head of Paternity for St Leonards and Hastings (who, bizarrely, insists on remaining anonymous) that we are not on the list of companies whose test results are approved for use by the CSA.

Anyway, given that we are DCA and Court approved there seems little reason for our omission. I'm sure is a historical oversight but, as you'll appreciate, it is a situation we are keen to rectify.

I had a chat with Tanya, Stephen Gerghty's, ever patient PA, who thought you would be the best person to help out on this.

I appreciate you are busy at the moment, however, it would be great if you could help with this. It would be good to able to get back to our client's, who have paid for a UK court approved test are now confused as to why the CSA won't accept it.

Anyway, thanks for your help with this and I look forward to hearing back from you soon.

Kind regards (Redaction)
